Power Bank Card - PBC202

Step 1 - Charge Power Bank Card

Plug the included Charging Cable to an AC Wall Adapter or a USB Port on your Computer. The Red LED Indicator will stop flashing once the Power Bank Card is full and ready to use.

Step 2 - Charge Smartphone

Connect the Built-in Cable to your Smartphone (attach included Adapter for non Micro USB Devices). The Blue LED Indicator will start flashing once the Power Bank Card is running low.
